Nockpunktposition	 <p>The diagram illustrates the bow's setup. A vertical blue line represents the bow's shaft. A yellow rectangular block is attached to the shaft, representing the nock point. Two horizontal arrows point to the top and bottom of this block, labeled 'Sehne' (string) and 'Nockpunkt' (nock point). A dashed horizontal line extends from the bottom of the shaft to the right. A vertical bracket indicates the distance from this dashed line to the bottom of the yellow block, labeled 'Höhe über rechtem Winkel' (height above right angle). A small circle is shown on the shaft below the dashed line, and a right-angle symbol is at the intersection of the shaft and the dashed line.</p>
